

Friends,

The summer camping season is just around the corner and early bird registration deadlines are swiftly approaching.

The Sionito board of directors would like for each congregation in the sponsoring jurisdictions to have the opportunity to view a great DVD video of the 2009 camping season. The video is about 13 minutes in length and is suitable for viewing during the Sunday school hour or during Sunday morning worship. Personally, the worship service would be my first choice.

You will soon be contacted by a member of the Sionito Board or Sionito Camping Committee about scheduling a Sionito Sunday at your congregation during the months of February or March. I encourage you to take advantage of this opportunity and help promote Camp Sionito and the summer camping season.

If you have any questions, please do not hesitate to contact either one of us.
